2.0 CERTIFICATION OF COMPLIANCE

- All other aspects of the project design/activities and geographic scope remain unchanged from previous environmental analyses.
- Annual Work Plan(s) has/have been verified to undertake only those activities originally proposed, and all reporting requirements have been adhered to and remain unchanged. This project is in compliance.

3.0 REVISIONS

Per 22 CFR 216.3(a)(9), when ongoing programs are revised to incorporate a change in scope or nature, a determination will be made as to whether such change may have an environmental impact not previously assessed. If so, this environmental analysis will be amended to cover the changes. Per ADS 204, it is the responsibility of the USAID A/COR to keep the MEO/REA and BEO informed of any new information or changes in the activity that might require revision of this amendment and environmental determination.
